

## Family Caregiver Support Program

One of the greatest challenges of caregiving is finding resources when you need them. Our Family Caregiver Support Program offers an array of services to assist and support caregivers.

### The Enrichment Center Adult Day Program

Our Adult Day Program provides a safe and loving environment for memory impaired older adults where they receive warm, individualized and group attention. Caregivers are able to take a full or half day break knowing that their loved one will be provided with lunch, socialization and stimulating activities.

### Caregiver Support & Discussion Groups

Our support groups provide an opportunity for caregivers to discuss challenges, share information and learn about available resources.

### Case Management

Schedule an appointment with a case manager to discuss options and available resources in your community.
